github.com/pranavchaitu | [portfolio](#) | x.com/pranavrepuri

Skills :

Languages: JavaScript, TypeScript, C, Java, SQL

Technologies & Tools: NextJS, ReactJS, TailwindCSS, Recoil, NodeJS, HonoJS, ExpressJS, MongoDB, Mongoose, PostgreSQL, Prisma ORM, Docker, AWS, Cloudflare Workers, Git

Experience :

Software Developer Intern [@takshalabs](#)

- Worked at Taksha Labs on the Coders.Gallery project, where I made significant contributions, including developing the user onboarding process, which was crucial for the project's success.

Projects :

Wallet / Transaction App | NextJS Turborepo CI/CD - [REPO INK](#)

- Built a payment system with **webhooks** for seamless backend communication and post-payment processing.
- Integrated **NextAuth** for secure user authentication and session management.
- Leveraged a monorepo setup with **Turborepo** for streamlined development and shared functionality.
- Developed a **CI/CD** pipeline using **GitHub Actions** and **AWS** for automated testing and deployment.
- Created a responsive UI with dynamic state management, client-side routing, and efficient database interactions.

Blogging Site | Cloudflare Workers & ReactJS - [LINK](#)

- Built a **serverless** blogging platform with **Hono.js**, including user accounts, blog uploads, and content reading.
- Utilized **ReactJS** and **TailwindCSS** for a dynamic UI, and **PostgreSQL** with Prisma for efficient database management.

Dukaan Dashboard Clone | ReactJS & TailwindCSS - [LINK](#)

- Made the Dashboard of mydukaan.io based of a figma design
- The page is static and fully responsive according to the dimensions

Certifications :

- NPTEL certification in (Problem Solving Through Programming In C) - Silver
- Participated in Hackathons (College Level) - Strides

College :

- **Pragati Engineering College**, Surampalem, IN Bachelor of Technology - Computer Science and Engineering Oct 2022 – Present (CGPA - 8.7)
- **Jawahar Navodaya Vidyalaya**, Yanam, MBIPC (80.6%) July 2015 - July 2022
